(a) Title of rule: (Describe Subject) Revising rules related to parking fees, permits and enforcement on the state capitol grounds.

Purpose: To increase parking rates for General "zoned" spaces and for Leased/reserved areas and/or stalls by \$5.00 per month to better cover the costs of providing parking spaces, structures and services.

Other identifying information: The proposed rate change will apply only to state owned parking spaces and facilities on the state capitol grounds. This proposal does not extend to parking spaces and facilities anywhere outside the state capitol grounds.

(b) Statutory authority for adoption: RCW 43.19.011(2)(d); 46.08.150 and 46.08.172

Statute being implemented: RCW 46.08.172

(c) Summary: General Administration proposes to increase parking rates under WAC 236-12-290 (1)(b)(i) for General "zoned" spaces from \$15.00 per month to \$20.00 per month, and under WAC 236-12-290 (1)(b)(ii) for Leased/reserved areas and/or stalls from \$20.00 per month to \$25.00 per month.

Reasons supporting proposal: Campus parking rates and regulations have not been adjusted in over a decade. The Legislature has established policy to reduce state subsidization of employee parking and that parking rates should take into account comparable private market rates for parking. Costs associated with providing parking spaces, structures and services are not paid by current parking fees. General Administration proposes to update rates to better reflect costs of providing parking spaces, structures and services.

(j) Short explanation of rule, its purpose, and anticipated effects:

The increased fees proposed under this rules will align parking rates for the eastern portion of the state capitol grounds with the western portions, which were raised by budget proviso two years ago. It shall provide funding for parking spaces, structural and services costs not currently covered. Certain utility, maintenance and enforcement costs are now fully assigned to the capitol campus parking operation but are not covered by current parking fees. Additionally, capital renewal projects for parking structures require additional parking fees to cover project costs. The proposed parking fee will result in an increase of \$5.00 per month to \$20.00 per month for general "zoned" parking, and an increase of \$5.00 per month to \$25.00 per month for leased/reserved areas and/or stalls. These changes will reduce state subsidization of employee parking.

Does proposal change existing rules? ☒ YES ☐ NO
